QuoteCrew

FOR CLEANING & SERVICE BUSINESSES

Win the job. Keep the client. Get paid on time.

One app, in English and Spanish, to quote, run your crew, prove every visit and get paid.

THE PROBLEM	WITH QUOTECREW
Guessing your prices You lose money, or lose the bid for being too high.	Prices from YOUR costs, your margin and a per-visit minimum.
"You didn't show up" The client complains and cancels, even though your crew was there.	GPS check-in, checklist, before/after photos and client rating.
Late payments Payroll gets tight and you chase payments by text.	Automatic monthly invoices and payment reminders.

Who uses it, every day

You (the owner): Quote and see who owes you, today's jobs and complaints the moment they happen.

Your crew: On their phone, in Spanish or English: today's jobs, tasks, photos and GPS.

Your client: Gets proposals, a report after every visit and invoices in their language.

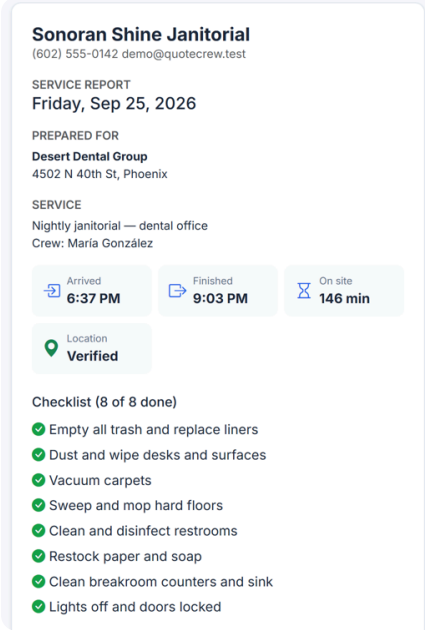

The math is simple

If QuoteCrew saves **one contract** or gets **one invoice** paid on time, it has paid for the whole year. A month costs less than one cleaning visit.

Pricing

STARTER	PRO	BUSINESS
$29/mo	**$59**/mo	**$119**/mo
up to 3 users	up to 10 users	up to 30 users

A 5-person team pays **less than half** of Jobber or Housecall Pro (public prices, Sept 2026).
